

Pinkerton Park Design

Elk Grove Community Services District (CSD) – 405-5300

Pinkerton Park General Information

- Size:** 4.5 acres
- Location:** Southeast corner of Lewis Stein Road and West Stockton Boulevard
- Amenities:** Half court basketball, open play area, two children's play areas, shade structure, picnic tables, park benches, and grill. An interpretive exhibit will describe the creek way. The park connects to a trail on both the east and west side of this park.
- Design:** On January 25 and March 10, 2005 the CSD held community meetings to solicit input on the design for this park. Residents chose the plan shown below. This design creates good visibility in the park. Post-and-cable on the south side of the park allows for excellent views of the wetlands. The community also chose HAG Mega tower play equipment.
- Timing:** Construction is planned to begin in August 2006 and be complete in summer 2007.
